### A PLACE TO LEARN

Living in residence places students at an academic advantage. The combination of designated study spaces, academic skills programming, scholastic role models, and peer study groups combine to create an environment conducive to academic acceleration.

### MEALS BY DIVERSITY FOOD SERVICES

The Meal Plan through Diversity Food Services offers nutritious, fresh, and ethnically diverse food options, while eliminating the time and effort required to buy groceries, cook, and wash dishes. Enjoy recipes made with fresh, locally grown ingredients, ensuring that your meals are as delicious and convenient as they are healthy.

With five locations on main campus including a full-service, licensed restaurant beside McFeetors Hall, a delicious meal is always just around the corner!

**Fresh, healthy ingredients:** Wherever possible, ingredients are locally-sourced, organic, and seasonal.

**Authentic cultural foods:** Diversity creates cultural dishes from scratch using authentic ingredients and recipes.

**Flexible meal plans:** Choose from 4 different plans, including 3 tax-exempt options.

UWinnipeg has the most sustainable post-secondary food service in Canada. (AASHE STARS)
