

RADY FACULTY OF HEALTH SCIENCES

MAX RADY COLLEGE OF MEDICINE

DOCTOR OF MEDICINE, BACHELOR OF SCIENCE IN MEDICINE, MASTER'S AND PHD PROGRAMS AVAILABLE

Medicine is more than just a profession, it's a calling. The Max Rady College of Medicine provides advice, disseminates information to health professionals, plans for the development and delivery of health-care services and helps improve health status and service delivery to the province of Manitoba and the wider community. An international leader in HIV/AIDS research, as well as renowned for Indigenous Health Services, Education, and Research, the Max Rady College of Medicine at the U ofM will give you the chance to discover the next advancements in science, policy and patient care. You will also have the opportunity to work and learn in rural and northern Manitoba, and locally in community outreach programs.

YOUR FUTURE STARTS HERE

During your pre-medicine degree, course options can include biology, chemistry and English. The MD Program is set up in curricular modules which are pre-determined for all students.

COURSE REQUIREMENTS

Recommended High School Courses

Course Name	Level
Biology (recommended)	40S or 40G
Chemistry	40S
English or French	40S
Math (pre-calculus recommended)	40S
Physics (recommended)	40S

Note: High school courses are not prerequisites to applying to medicine. However, you are required to complete a degree before applying and entering post-secondary studies will require certain high school courses.

ELIGIBILITY REQUIREMENTS

All applicants must meet the following requirements:

Bachelor's Degree

Completed no later than June 30th (in the year that you apply), from a university recognized by the University of Manitoba.

Note: You can choose any discipline you want for this degree, as long as you meet all the eligibility requirements for the Max Rady College of Medicine at the time of application.

Medical College Admission Test (MCAT®)

AAMC recommends that students consider taking courses in the following disciplines: biology, chemistry, organic chemistry, physics, psychology, sociology, biochemistry, and research methods.

For more information, please visit the AAMC website: <https://students-residents.aamc.org/applying-medical-school/taking-mcat-exam/>

Adjusted Grade Point Average (AGPA)

An AGPA of 3.30 or higher is required.

The AGPA is calculated on all undergraduate university degree level courses, including repeated courses. Graduate level courses will not be included.

Computer-based Assessment for Sampling Personal Characteristics (CASPer®)

All applicants will be required to complete the 90 minute computer-based Situational Judgement Test. Successful completion of CASPer® is required to maintain applicant eligibility.

For more information about CASPer® please visit <https://takealtus.com/casper/>

Canadian Residency

All applicants must be a Canadian citizen or Permanent Resident of Canada at the time of application.

Note: If you are a refugee, you will receive the same consideration as an applicant who is a Canadian Citizen or Permanent Residence in Canada.

English Proficiency Requirement

All applicants whose primary language is not English must demonstrate proficiency through one of the options listed on the University of Manitoba web site: <https://umanitoba.ca/student/admissions/international/english/waiver-criteria.html>

CAREER EXPOSURE

The Office of Rural and Northern Health (ORNH) has been established in part to help rural and northern Manitobans become doctors. They may be able to put you in touch with medical students and professionals who can share their experience and knowledge. The ORNH has also developed a number of other programs, which may be useful to students interested in rural or northern medicine throughout their efforts to become doctors.

DEADLINE DATES TO REMEMBER

APPLICATION DEADLINES

Early September

Last date to write the MCAT

October 1

Final Application deadline

November 1

Submission of official transcripts and required admission documents

June 30

Deadline for graduation with Bachelor's Degree and submission of final official transcripts
